

**LIVINGSTON COUNTY ROAD COMMISSION  
NOTIFICATION FOR WORK WITHIN THE COUNTY ROAD RIGHT-OF-WAY**

Emergency repairs may be made with notification being given to the Livingston County Road Commission as soon as possible. The Annual Blanket Permit Holder shall submit reports to the Livingston County Road Commission permit office listing the road name, date and type of activity for each activity performed under the Annual Blanket Permit.

The LCRC makes no warranty either expressed or implied as to the condition or suitability of the road or roads requested for use. Any Utility Company or Subcontractor that conducts operations in a manner detrimental to the LCRC's ability to maintain roads reasonably safe and convenient for public travel will be required to cease all such operations. If the road or roads are damaged, as determined by the LCRC, due to the Utility Company or Subcontractor's operations, the Utility Company or Subcontractor shall be responsible for the cost of restoring the road or roads to a condition acceptable to the LCRC. The LCRC in its sole discretion may restore or contact for the restoration of the road or roads or authorize the Utility Company or Subcontractor to restore the road or roads.
